We aim to minimise the gender pay differential in our business and understand this is a long- term commitment. In support of this we will continue to:

- focus on creating a balanced workforce, through recruitment and succession opportunities
- offer flexible and part time working opportunities and family leave policies.
- work to develop our diversity data to better understand our team and identify gaps, to better reflect the communities we serve
- operate gender neutral pay rates and focus on continuing to close the gender pay gap in future pay reviews
- review and update our policies and practices to attract, retain and develop top talent and promote an inclusive and diverse team
- strengthen our commitment to equality, fairness, diversity and inclusion.

We confirm that the information contained within this report is accurate and in line with Government Reporting Regulations.
